From the Director of public Health
No 6870/41-44-45 dt 6-2-45
Recommends enhancement of the Conveyance allowance of the Asst. Engineer, Bangalore city Drainage Division from Rs 50 to Rs 75/ per mensem as his jurisdiction is the same as that of the Municipal Engineer who is granted a Conveyance allowance of Rs 75 p.m and as the cost of maintaining a car is very heavy.

Govt. order No L 8696-9, dt 30-12-46 dated 27-2-43, the Conveyance allowance drawn by the Assistant Engineer, city Drainage Division was enhanced from Rs 32-8 Rs 50/ p.m, with effect from 27-2-43.

2) Kind reference is requested to the Financial Secretary's note dated 15-2-43. The Chief Engineer and the Secretary P.W.D had then recommended that the Assistant Engineer in question may be granted a conveyance allowance of Rs 60/ p.m as other officers of similar status and jurisdiction and amount of travelling involved have been granted a conveyance allowance of Rs 60/ or more in Bangalore city. But it was considered by Govt. that the touring work of this officer may not be so much as in the case of other officers referred to and accordingly his conveyance allowance was fixed at Rs 50/ p.m.

that the relevant jurisdiction of this officer is the same as that of the Municipal Engineer Bangalore City who is in receipt of a Conveyance allowance of Rs 75- p.m. The abnormal increase in the cost of materials required for the maintenance of a motor car in the interest of Government work is also advanced as an additional argument in support of the proposal for orders.

5) The Assistant Engineer who is attached to the City Drainage Division was previously getting a Conveyance allowance of Rs 30/- only p.m. It was raised to Rs 50/- p.m. vide reference cited place vide Govt. No 2869 Fin/Mis 90-42-48 dt 27.2.43.

The present proposal is to enhance it still further to Rs 75/- p.m based on the following grounds viz.

1) His sphere is of the same status as that of the XI Engineer, Nagercoil (Asst Engr of the P.W.D.)

2) His relevant jurisdiction is also the same as that of the XI Engineer.

3) The cost of maintaining a car in efficient for the discharge of the official duties is

All the above facts were there when the monthly Conveyance allowance was increased to Rs 50/- in the year 1943. As regards the jurisdiction,

it must be admitted that the Municipal Engineer whose works are of a varied character has to turn more widely every day than the Asst Engineer in charge of the particular set of works of drainage works, carried out in specified portions of the city.

7) This proposal seems to have emanated on the ground that approval to enhance to Rs 75/- the conveyance allowance of the Asst Engineer attached to the Trust Board has been made

8) There does not seem to be any justification to enhance at present as now recommended

Enhancement of the C A. of the Assistant Engineer, Bangalore City Drainage Division from Rs 50/- to Rs 75/-.

Sir,

I have the ho our to state that the Conveyance allowance granted to the Municipal Engineer, Bangalore City Municipality who is of the status of Assistant Engineer in the Public Works Department is Rs 75/-. TheAssistant Engineer of the Bangalore City Drainage Division who is of the same status as the Municipal Engineer and whose itinerant jurisdiction is also same as that of the Municipal Engineer is granted a Conveyance allowance of Rs 50/-

In view of the above reasons and the fact that the cost of maintenance of a car for the discharge of official duties in Bangalore City is very heavy the Special Officer, Bangalore City Drainage Division recommends the enhancement of the Conveyance allowance of the Assistant Engineer from Rs 50/- to Rs 75/-.

I therefore request you to be so good as to obtain and convey sanction of Government to the enhancement of the Conveyance allowance of the Assistant Engineer, Bangalore City Drainage Division from Rs 50/- to Rs 75/- per mensem.
